The screenshot shows the 'Set up your Scholarstika account' page. At the top left is the 'Scholarstika' logo. At the top right is 'Step 1 of 4'. The main heading is 'Set up your Scholarstika account' with the subtext 'Choose the option that best matches your school organization.' Below this is the question 'How many schools do you manage?'. There are two options: 'I Own/Manage One School' (with a single school icon and a radio button) and 'I Own/Manage More Than One School' (with a multiple school icon and a checked radio button). Below the options is a green 'Continue setup' button. At the bottom, it says 'Already have an account? [Sign in](#)'.

2. Correct the grammar below

The screenshot shows the 'Tell us about yourself.' page. The question is 'Which type of owner you are?'. There are two options: 'I own/manage single school' (with a single school icon and a radio button) and 'I own/manage multiple school' (with a multiple school icon and a checked radio button). Below the options is a yellow box containing the text 'How many branches of your school?' and a text input field with the placeholder 'Enter number of branches'. A large yellow 'wrong' is written over the input field. Below the input field is a green 'Next' button. At the bottom, it says 'Already have an account? [Sign in](#)'.

Use the following correct phrase: **How many school branches/campuses do you own or manage?**

- iii. State/Region/Province means the same thing. DO NOT separate them. They just are called differently in different countries. Also, based on the country selected, the list of states or provinces or regions should automatically populate for the applicant to select the appropriate one.
- iv. For the city, use: City/Town/Village. Here, they should just be able to write down the name on their own.
